for Real Estate appraisers and this is the amendment. I don't want to get into the bill but I move the amendment be adopted.

SPEAKER: Any further discussion of the committee amendments. All those in favor of adopting the amendments, please say aye. Those opposed say no. So ordered. The amendments are adopted. Senator Carpenter.

CLERK: Now, Mr. President, there are further amendments pending.

SENATOR CARPENTER: Now, Mr. President, are they mine.

CLERK: Yes.

SENATOR CARPENTER: I make the same request for the same reason I did to the previous bill, we hold over until Tuesday and by that time I'm sure we can arrive at a agreement for additional amendments if they are desirable.

SPEAKER: Senator Carpenter is asking unanimous consent to bracket LB 86 as amended with the committee amendments now until Tuesday. Are there objections to that motion? Hearing none. So ordered. Bracketed until Tuesday. It brings us, I believe, to Senator Luedtke's 339. Senator Barnett, for what purpose do you rise?

SENATOR BARNETT: Mr. President, I wonder if it would be proper to ask somebody a question with regard to this draft that was put out by Senator Marvel yesterday. Somebody from the Budget Committee.

SPEAKER: It isn't before the body.

SENATOR BARNETT: I know it's not. Do we have to have...it was put on our desk and I'd like to have an explanation of it.

SPEAKER: Well, why don't you ask...Senator Marvel isn't here. Neither is the vice-chairman.

SENATOR BARNETT: Maybe, I can ask Senator Whitney...I know there is two or three people on this floor that don't understand this and I'm trying to get somebody to explain it.

SPEAKER: What is it you are asking...

SENATOR BARNETT: What it has...what it does is have the bill numbers and it has the expense and it has the fiscal notations of this and I'd like to have it explained, but it only should take a minute or two.

SPEAKER: Well, stand by. Senator Whitney, do you care to explain this. Do you have some input?

SENATOR WHITNEY: What Senator Marvel put out yesterday is simply a summary of all the fiscal notes that have been prepared by our fiscal analyst relative to individual Senators bills. Not the ones we have passed but those that have been already prepared. Now, when you add it all up, there's a \$131,000,000 that had been asked for by individual Senators. Now, however, there is some duplication. For example, there is duplications with reference to state aid to education. There is some duplication with reference to public welfare bills. So, this simply is a summary then of all those that have been prepared. Now, there are other deficiency appropriations. There is other bills coming in by the Governor which have not yet been prepared. There is other bills which will be more than \$131,000,000 which Senators have introduced but have not yet been prepared by the fiscal analyst as to their fiscal impact. Now, that's what this is.
